This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE.

The preparation and publication of this Catalogue was authorized by the Legislature of 1889.

In this preparation it has been the aim to make the Catalogue useful to those who visit the Library. Errors throughout its pages will doubtless appear, but the Compiler trusts it will subserve the purpose for which it was intended—an aid to the legal profession.

Valuable assistance has been obtained in this work from the Catalogue of the California Law Library, and to its author, Mr. T. W. Wallis, many thanks are due.

NOTES.

1. No reporters' name appear on the title pages of these volumes. Treadway and Mill were publishers only.

2 Chevis' Law and Chevis' Equity are each entitled Volume 1, though no others were published. They are bound together, with separate paging, and labeled Chevis' Law and Equity Reports.

3. Volume 13, Richardson's Law, and Volume 12, Richardson's Equity, are bound together, the cases commingling and the paging consecutive. The Equity series has, therefore, the appearance of one volume having been omitted.

4. The distinction between law and equity was abolished by an Act passed in 1870. The published volumes of decisions since November term of 1868, have been known as South Carolina Reports.

THE LAW REPORTS.

The publication of the Law Reports was commenced in 1866. They were first bound as indicated in the first table of the Law Reports, but in 1875 the arrangement was changed.

The cases included under the three titles—"English and Irish Appeal Cases," "Scotch and Divorce Appeal Cases," and "Privy Council Appeals"—were thereafter published under the title, "Appeal Cases." The cases included under the titles "Chancery Appeal Cases" and "Equity Cases" were published under the title "Chancery Division." "Crown Cases Reserved" was merged in "Queen's Bench Division," and the "Admiralty and Ecclesiastical Reports" was merged in the "Probate Division." This left the Law reports in six divisions and they continued to be so published until 1888, when another change was made.

Both the "Common Pleas" and the "Exchequer Division," after the publication of Volume 5, in 1880, were merged in the "Queen's Bench Decision." So that now there are but four publications: "Chancery Division," "Queen's Bench Division," "Probate Division" and "Appeal Cases."

The Law Reports from November, 1865, to November, 1875.

COMMON PLEAS.

Most of the early King's Bench Reports contain some Common Pleas cases. Many of the Common Pleas Reports of the present century contain cases in the Exchequer Chamber. Registration cases are also bound with them, the Common Pleas being an appellate Court from the decisions of the revising barristers relating to registration of voters.
